Plymouth, WI 53073  
February 24, 2014

Dear Laura,

My name is Mr. Nee, and I am a big fan of your Little House Books. I am a teacher at Parkview Elementary School in Plymouth, Wisconsin.

I am 29 years old and have enjoyed your writing over the past 27 years. It is your writing that makes me want to travel back in time to the Pioneer days. Life seemed much simpler and interesting at that time. I am particularly in tune to how simple things are appreciated by everyone, and manners were also something that was used.

Practicing outdoor survival skills would be something I would like to do. Your books give such great details on how to do things. I have learned a lot by reading your stories.

I know as a child you moved around a lot. Was there one place you like better than the rest? I've often thought that the "Big Woods" would have been my favorite place. All the wild game to hunt and living in a log home is my idea of living.

Sorry to hear about your brother. Are your sisters doing well? Tell Pa to keep playing the fiddle because I love singing along with his songs.

Sincerely,

Mr. Nee
